

SAFETY DATA SHEET

SECTION 1 : GENERAL INFORMATION

Product Name:	Nutra-C® Nutra-C
Product Number:	3000
Chemical Name and Synonyms:	Nutra-C
Product Class:	Nutrient
General Use:	Food applications and dietary supplements
Trade Name:	Nutra-C®
Company:	Novotech Nutraceuticals, Inc.
Address:	2897 Palma Dr. Ventura, CA 93003, USA
Phone Number:	805-676-1098
Fax Number:	805-654-0139

SECTION 2. HAZARDS IDENTIFICATION

OSHA Hazards	No OSHA hazards
GHS Classification(s)	Not a dangerous substance/mixture according to GHS standards

HMIS Classification :	Health Hazard: 1
	Flammability: 0
	Reactivity: 0
HMIS® ratings are based on a 0-4 rating scale, with 0 representing minimal hazards or risks and 4 representing significant hazard or risks. HMIS® is a registered trademark of the National Paint and Coatings Association.	
NFPA :	Health Hazard: 1
	Fire: 0
	Reactivity: 0
This information is intended solely for the use of individuals trained in the particular hazard rating system. Additional information regarding the NFPA rating system is available from the National Fire Protection Agency at www.nfpa.org .	

SECTION 3 : COMPOSITION/INFORMATION ON INGREDIENTS

Chemical Identity:	Nutra-C
CAS Number:	N/A
EINECS Number:	N/A
Molecular Formula:	N/A
Molecular Weight:	N/A

SECTION 4: FIRST AID MEASURES

Eye Exposure:	Avoid contact with eyes. If wearing contact lenses, please remove. If contact with eyes, flush with water for at least 15
---------------	---

	minutes. If irritation occurs and persists, obtain medical attention.
Skin Exposure:	Wash with plenty of soap and water. Remove contaminated clothing and shoes. Get medical attention if irritation occurs and persists.
Ingestion Exposure:	Drink plenty of water. Never give anything by mouth to an unconscious person. If any discomfort persists, obtain medical attention.
Inhalation Exposure:	Remove to fresh air. If breathing difficulty or discomfort occurs and persists, obtain medical attention. NOTE TO MEIDCAL DOCTOR: This product is expected to have low oral, dermal and inhalation toxicity. It is expected to be irritating to the eyes and skin, and non-sensitizing to the skin. Treatment is symptomatic and supportive.

SECTION 5: FIRE FIGHTING MEASURES

Auto-ignition Temperature:	N/A
Unusual Fire Explosion Hazards:	N/A
Extinguishing Media:	Small fire: Use DRY chemical powder. Large fire: Use water spray, fog or foam. Do not use water jet.
Fire Fighting Procedures:	Do not enter any enclosed or confined fire space without wearing full protective clothing and Self-Contained Breathing Apparatus (SCBA) approved for firefighting. This is necessary to protect against the hazards of gear, products of combustion and oxygen deficiency. Do not breathe smoke, gases or vapors generated.

SECTION 6. ACCIDENTAL RELEASE MEASURES

Personal precautions :	Use personal protective equipment. Exercise appropriate precautions to minimize direct contact with skin or eyes and prevent inhalation of dust.
Methods for cleaning up :	If spill, powder becomes slippery when wet. Sweep up the spilled material and hold for waste disposal.
Disposal method:	No special disposal methods are suggested. It is the user's responsibility to comply with all applicable local, state and federal laws, rules, regulations and standards.

SECTION 7: HANDLING AND STORAGE

Handling:	Always use safe lifting techniques when manually moving containers, especially when handling containers weighting more than 25KG (55Lbs). Avoid inhalation.
	To protect quality, store in a tight container in a cool dry area.

SECTION 8: EXPOSURE CONTROL/PERSONAL PROTECTION

Engineering Protection:	Mechanical exhaust required to keep exposure to airborne contaminants below the exposure limit.
Eye protection :	Safety glasses with side-shields.

Hand protection :	For prolonged or repeated contact, use protective gloves.
Skin and body protection :	Impervious clothing, lab coat.
Respiratory protection :	Mask, no special personal respiratory protective equipment normally required.

SECTION 9 : PHYSICAL/CHEMICAL PROPERTIES

Appearance:	Beige to light beige
Specific Gravity (H ₂ O=1):	Not less than 0.60 g/cc
Moisture/Loss of Drying at 105°C:	< 8%
Solubility in Water(% by weight):	Soluble to Moderately Soluble
pH (In 1% soln):	6-9

SECTION 10. STABILITY AND REACTIVITY

Stability:	Stable
Material to avoid:	N/A
Hazardous decomposition products:	N/A
Hazardous polymerization:	Will not occur.

SECTION 11. TOXICOLOGICAL INFORMATION

Route of exposure:	
Eye contact:	May cause eye irritation.
Skin contact:	May cause skin irritation.
Skin Absorption:	May be harmful if absorbed through skin.
Ingestion:	May be harmful if swallowed.
Inhalation:	Material maybe irritating to mucous membranes and upper respiratory tract.
Toxicity data:	
Toxicity to animal	N/A
Symptoms of exposure:	The physical and toxicological properties have not been fully investigated.

SECTION 12. ECOLOGICAL INFORMATION

Eco toxicity:	
Biodegradability:	N/A
Additional ecological information:	No other additional information for this product.

SECTION 13. DISPOSAL CONSIDERATIONS

Disposal Method :	Dispose of in accordance with local regulations. Contact a licensed professional waste disposal service to handle the materials.
Packaging Disposal :	Empty remaining contents. Disposal of empty bags and boxes should follow local approved waste handling site for recycling or disposal.

SECTION 14. TRANSPORT INFORMATION

Other information :	This substance is considered to be non-hazardous for transport. Not regulated for transport in accordance with DOT, TDG, IMDG, and IATA regulations.
---------------------	--

SECTION 15. REGULATORY INFORMATION

TSCA :	This product either contains a chemical substance that is not listed on the public TSCA Inventory or the TSCA Inventory status of the product has not been evaluated.
Canadian DSL :	All components of this product are not on the DSL list.
EHMIS:	This material is classified in accordance with the hazard criteria of the CPR, and the SDS contains all information required.
SARA 302 :	No chemicals in this material are subject to the reporting requirements of SARA Title III, Section 302.
SARA 313 :	This material does not contain any chemical components with known CAS numbers that exceed the threshold (De Minimis) reporting levels established by SARA Title III, Section 313.
SARA 311/312 Hazards :	No SARA Hazards
California Prop. 65 Ingredients	This product does not contain any chemicals known to the State of California to cause cancer, birth, or any other reproductive defects.

SECTION 16. OTHER INFORMATION

Revision Date: February 20, 2024
Neither this data sheet nor any statement contained herein grants or extends any license, expressed or implied, in connection with patents issued or pending which may be the property of the manufacturer or others. The information in this sheet has been assembled by the manufacturer based on its own studies and on the work of others. The manufacturer makes no warranties, expressed or implied, as to the accuracy, completeness, or adequacy of the information contained herein. The manufacturer shall not be liable to the vendee, the vendee's employees, or anyone for any direct, special or consequential damages arising out of or in connection with the accuracy, completeness, adequacy, or furnishing of such information.
